

## Acceptable Material List

Computers  
Laptops  
Flat-screen TV  
LCD monitors  
Computer peripherals- mice, keyboards, webcams, speakers, microphones  
Storage devices- external hard drives, solid-state drives, SD cards, memory cards, card readers  
Circuit boards  
Typewriters  
CD-ROM  
Cell phones  
Tablets  
PDAs (personal digital assistant)  
Smartwatches  
MP3 players  
Business machines  
Printers- ink, toner, & cartridges  
Plotters  
Copiers  
Scanners  
Fax machines  
Phone systems  
Servers  
Server racks  
Storage arrays  
Power supplies/Uninterruptible power supplies  
Power distribution units  
Routers & Switches  
Switchgear  
Terminals  
Mainframe/Midrange equipment Telecommunications equipment  
Motor generator sets  
Batteries  
Electronics scrap  
Scrap metal  
Wiring & Cabling  
Solar panel  
Scientific equipment  
Security equipment  
Flat-panel televisions  
Video equipment  
Audio equipment

Analog converter box  
Digital TV converter  
Satellite receiver  
Gaming consoles/devices  
Cameras  
GPS units  
Stereo equipment

## **Unacceptable Materials List**

Smoke detectors  
Carbon monoxide detectors  
Dehumidifiers  
Devices containing liquid mercury (thermostats, switches, medical devices, thermometers)  
Gas-powered equipment  
Household hazardous waste  
PCB ballasts  
Propane tanks  
Radioactive material  
Refrigerators/freezers  
A/C units  
Paint  
Chemicals
