The Cannabis POS Collection
All You Need for the POS

The Cannabis POS Collection

Star Micronics, a leader in POS hardware, has developed a special POS product line for use in cannabis stores and dispensaries. The Cannabis POS collection includes POS/label printers, NTEP-certified scales, cash drawers, and accessories – compatible with most POS software for easy setup and reliable, efficient operation.

mUNITE STANDS

mPOS Solution Stands

- 14" x 16" and 16" x 16" sizes
- Reinforced top for added strength
- Reliable roller assembly design and operation
- Single-key drawer and till operation with premium foldable hinged key design
- High-quality design and finish with painted drawer interiors

PROMOPRNT

PromoPRNT allows retailers to automatically create printed promotions in addition to receipts. These incentives and bonuses are delivered directly to shoppers' hands, boosting customer retention and notifying customers of new deals and promotions.

PROMOPRNT

SCANNERS

Elevate your dispensary's operations with Star Micronics' 2D barcode scanners. Ideal for swift age verification and accurate product tracking, they're a perfect fit for the high demands of the cannabis industry.

BSD-40U

- Quick Switch Between Normal and High-Motion-Tolerance Modes
- Large Field of View (Horizontal 51°, Vertical 32°)

BSH-32B

- Connects Wirelessly via Bluetooth or via Provided USB Dongle
- Long Battery Life (12 Hours of Continuous Operation)

POS PRINTERS

Cannabis products face stricter regulations than most other products. In addition to the "seed-to-sale" tracking, some states require the dispensary to share the tax information by a printed receipt. Furthermore, the receipt becomes proof of legal purchase for the consumer. Star Micronics can provide highly reliable POS receipt and label printers.

mC-Print Series

- Sleek, compact and connected
- 5 interfaces communication + hub for peripheral device connectivity
- SteadyLAN technology
- Fast charge and communication via USB-C® power delivery port

Interfaces: Bluetooth, USB, Lightning USB, LAN, CloudPRNT, USB-C®, WLAN

TSP143IV Thermal Printer

- 250mm/s High-Speed Printing
- High Reliability & Performance
- AOA, Dual Interface: LAN+USB (USB-C and USB-A), CloudPRNT & CloudReady, WLAN

Interface: Bluetooth (MFi)

SM-T300i (3-Inch)

- Rugged & splash-proof (IP54)
- 75mm/sec printing speed
- Up to 26 hours printing

Interface: Bluetooth (MFi)

CERTIFIED SCALES

The Star Micronics Cannabis POS collection offers two highly reliable and NTEP-approved scales with different measurements. The mG-S322 will meet all requirements in the legalized states. The mG-S1501 is certified in Washington and Alaska for weighing less than 28.4g and in California, Oregon, and Colorado for weights between 10-100g.

mG-S322

- 320g max capacity
- 0.01g verification value
- Protective draft shield

mG-S1501

- 1,500g max capacity
- 0.1g verification value

Connectivity for both PC & Tablet

mG-Scales have three interfaces: Serial, USB, and Bluetooth Low Energy (BLE). When the scale is connected to a Windows PC, the scale will be driven by USB-bus power with no need for a power cable. BLE also enables mG-Scales to be wirelessly connected to a tablet-based POS system.

PAPER

Cannabis Labels

Star currently offers pre-printed cannabis labels with official, state-required universal symbols. These pre-printed cannabis labels are available in various sizes for all recreational markets.

Permanent Linerless Labels

Linerless labels are an alternative to silicone-lined labels or tape and are more eco-friendly. There's no need to peel off the liner paper from the label, so there's less waste.
