POSRG

Revolutionize Retail with a Premier Point-of-Sale Solutions & Service Provider.

POS and IT Solutions

Explore a Wide Range of New & Refurbished Hardware

POS Remarketing Group (POSRG) is a premier retail technology solutions and service provider. We work with the most recognizable and reliable hardware manufacturers in the industry, offering the newest technology, across a wide array of applications with cost efficiency. We are dedicated to managing all stages of the IT lifecycle. Our design and deployment services include imaging, warehousing, and installation, while our disposal services feature asset recovery, certified e-waste recycling and data destruction. When your operations require any combination of state-of-the-art hardware, software, or service, POSRG has the resources to meet your needs.

About POSRG

Mission

It is the mission of POSRG to provide every vertical market with point-of-sale (POS) solutions and technology services. We recommend the best possible plan for all IT projects while offering our customers excellent value. Our reputation for featuring economical, innovative products and services paired with eco-friendly practices, is paramount to us. POSRG connects businesses globally with top-level solutions backed by a dedicated and trained workforce intent on delivering the highest quality in the industry.

Our Story

Since our inception in 2005 by proprietor Ken Testa, Point of Sale Remarketing Group (POSRG) has evolved from a local supplier of used point-of-sale equipment to an industry leader. Today, we serve thousands of retail and hospitality companies with state-of-the-art technology solutions..

How We Work

From the moment each order is placed, until the moment each order ships, we are by your side. As a result, we have earned a tremendous reputation for proactive customer support and 360° client care. Whether you need refurbishment, refreshment, repair, recovery, recycling, or refining — POSRG is responsive with our strategies for maximum ROI.
