FOODTEC
RESTAURANT SOLUTIONS

Technology that works to improve your bottom line.

As we all know, the restaurant business is more than just serving food. There is staffing, inventory, purchasing, delivery, websites, security, finance...the list goes on and on. And simply managing all of these things is not enough to survive in a competitve marketplace. You still need to respond to changing customer needs and ***grow your business***.

That's why FoodTec Solutions is not just a POS company – we are a **solutions** company. We support our innovative and feature-rich software with processes and insights accumulated from years of deep industry experience. And all of our systems work in concert with one another to create efficiencies and drive revenue for your business.

So, don't just select a POS. Select FoodTec Solutions and acquire a partner that will be dedicated to growing your business.

Our innovative products are designed to optimize every facet of your operation.

Restaurant POS
Built for speed and accuracy of order entry. Customizable to all business models.

Tableside Ordering
Our mobile and touch-screen technologies are transforming the ordering experience.

Kitchen Systems
Our KDS considers age, size of order, and more to deliver on your promise to the guest.

Online Ordering
Your fastest growing channel. But are you maximizing cart value? We'll show you how.

Mobile Apps
Make it easy for loyal customers to order food and check their points with the Loyalty App.

Delivery Monitoring
Driver efficiency = happy customers = more sales. DeliveryIQ makes it happen.

Inventory Optimization
Know what you have and what you need with little effort to keep overhead lean.

Performance Reporting
Sales are not the only KPI. Our reports help optimize food, labor, time and customer satisfaction.

Employee Management
Our tool will help you improve communication and accountability without micro-managing.

E-mail Marketing
Our Target Market programs will make you look like a marketing genius in no time.

Loyalty Programs
Protect your customer base and drive increased sales per customer over time.

Security & Loss Prevention
More than just cameras. Monitoring automation alerts you when there are problems.

FOODTEC
RESTAURANT SOLUTIONS

"Why did we go with FoodTec? Everyone says that they do it all. But these guys actually do."

Adam Greenberg, Potomac Pizza

"FoodTec is always coming out with innovatove products that make an imediate impact. Delivery IQ alone, has changed our business."

Chris Hammack, Cristy's Pizza

"It's not just the software and the POS. FoodTec brings a know-how to the table that's made us much more competitive."

Bill Kitsilis, Antonio's Pizza

Manage and sell from the cloud.

What do cloud-based solutions do for you? Well, you can access and manage from anywhere. New features are installed remotely and automatically, plus you eliminate hands-on technical management of your software. In short, the cloud gives you flexibility. That's why **FoodTec offers all the following as cloud-based services**:

- E-mail Marketing
- Loyalty Programs
- Online Ordering
- Mobile Apps
- Inventory Optimization
- Delivery Monitoring
- Performance Reporting
- Security & Loss Prevention

Consulting and service are the backbones of our business.

While our software is known for its features and functions, our *company* is known for its experience and knowledge. By purchasing our software, you are entering a service and consulting culture that has no peer in the industry. We measure our succes by your success, and we bring to bear best practices gleaned from engagements with hundreds of restaurants just like yours.

Call us today at 847-526-9650

We'll give you a demo of our latest products and answer any questions that you have.
